

BISSELL PET FOUNDATION'S **fix** the **future**™

a national spay & neuter initiative

Fix the Future was launched in 2023 to address the lack of access to veterinary care for both shelters and pet owners. Through the deployment of our trusted network of nearly 100 relief veterinarians, BPF is breaking the barriers to affordable and accessible spay/neuter. Each pet impacted also receives preventative vaccines and microchips. This program not only prepares shelter pets for adoption, but also provides crucial services to community-owned pets through clinics for \$25 or less.

Fix the Future also includes a voucher program to offset the cost of spay/neuter in communities where BPF has partnerships with local veterinarians. BPF-funded vouchers help remove the financial burden for pet owners, allowing pets to stay in homes without unplanned litters.

Fix the Future's ultimate goal is to solve the pet overpopulation crisis plaguing our nation's shelters.

BISSELL PET FOUNDATION®
Until every pet has a home.
